Tencel Bamboo "fine"

- a sustainable yarn

Tencel is an organic sustainable natural material made from wood chips, primarily from beech trees and eucalyptus. The tree is FSC certified and comes from natural thinning of forests and residues from other tree productions.

Uniqueness - This yarn, made of silky soft and smooth Tencel and bamboo fibers, has a very delicate thread, indeed unique and fascinating to work with. The thread might be spun looser in some spots of the yarn, which is a natural part of its character. The result will be so gorgeous.

Children will love this yarn as it is incredibly gentle and soft against the skin.

40% Tencel/60% Bamboo, 50 g/210 m.

Size with Fringes: 160 x 90 cm
Tencel Bamboo "fine" 250 g

Crochet hook: 3,5 - 4,0 mm

Gauge: 18 tr/10cm

The given amounts of yarn are for guidance only.

Granny Tencel Bamboo Shawl

Crochet in rows back and forth.

All rows start with 3 t-ch - they count as the first tr.

- 1.) 4 ch, 2 tr into the 1st ch
- 2.) 2 tr into the 1st st from the hook, 1 ch, 1 tr clu into the 3. ch of the previous row
- 3.) 2 tr into the 1st st from the hook, 1 ch,
1 tr gr in the space between tr clu, 1 ch,
Finish with 1 tr gr into the 3rd ch of previous row

Repeat 3 r up to the desired height.

Fringes

Cut 3 pieces of 20 cm of yarn.

Fold the pieces to form a loop at one end. With the hook pull the loop through an edge stitch. Then pull the yarn ends through the loop and tighten.

Repeat these steps along the entire edge of the shawl. Trim the fringes.

Good to know

Hook Size + Tension

Crocheters crochet very differently: some crochet with a hook size 2,0 mm and obtain the same size of design and quality as a person who crochets with a hook size 4,0 mm. We owe this knowledge to the team of crocheters who join us.

The key to crochet a specific size is a lot about the crochet style/hands/skills, rather than the size of hook. Therefore, we will recommend a range of hook sizes.
